

REPORTING ON DISCHARGE OF STEWARDSHIP RESPONSIBILITY

Securities and Exchange Board of India (SEBI) vide its circular CIR/CFD/CMD1/168 /2019, dated December 24, 2019, requires reporting of the status of compliance with the stewardship principle as part of its annual intimation to clients / beneficiaries. The stewardship code was applicable with effect from July 1, 2020.

The subsequent paragraphs detail the manner in which the elements of the stewardship code have been discharged by the DSP Asset Managers Private Limited ('AMC').

The Board of the DSP Asset Managers Private Limited ("AMC") and Trustee Company at its meeting held on April 01, 2023 had approved the policy on discharge of stewardship responsibilities. The policy on discharge of stewardship responsibilities ("Policy") sets out the framework and guidelines on discharge of the stewardship responsibilities of the AMC. The responsibility for the overall implementation and execution of policy rests with the Stewardship Committee of the AMC. Accordingly, the Stewardship Committee of the AMC, with an endeavor to safeguard the interests by enhancing monitoring and engagement with investee companies, has laid down certain principles. During the year, 4 stewardship meeting(s) were conducted.

Throughout the year, as part of our responsible investing efforts, the AMC closely monitored and actively interacted with the investee companies. The AMC focused on various aspects such as their operational and financial performance, strategic decisions, corporate governance practices, and environmental, social, and governance (ESG) factors that could impact their success. The Stewardship Committee plays a vital role in this process. They have established a threshold level that determines the significance of our exposure to an investee company, which guides in deciding the level of engagement and intervention necessary with the investee company. Specifically, the investment team of the AMC ensures that companies meeting the threshold of 3% of equity of the investee company or 5% of assets under management (AUM) at the AMC level comply with the Stewardship policy. Additionally, the team also pays attention to companies that fall below this threshold but have experienced controversies or corporate governance events.

The monitoring and engagement activities cover a wide range of topics. The team delve into areas such as the company's strategic direction, overall performance, industry trends, management effectiveness, board composition, leadership quality, and corporate governance matters such as executive compensation, board structure (including factors like diversity and independent directors). The team is also actively involved in monitoring related party transactions and engaging with companies on environmental, social, and governance (ESG) issues. To gather information for our monitoring efforts, the AMC rely on publicly available data, conduct management meetings, analyze sell-side research, and gather industry insights. This comprehensive approach allows the AMC to stay informed and actively participate in shaping the success and sustainability of the companies we invest in.

The Status of Compliance with the Stewardship Code is stated below:
